

CDH Medical Staff Go-Live Update: October 10, 2022

Reminder: Marking Notes in Error

Reason for Marking a Note In-Error

- The Note has been documented on the wrong patient and/or encounter
- The note is a duplicate

How to In-Error a Note:

Notes can only be marked as in-error by the original author of the document.

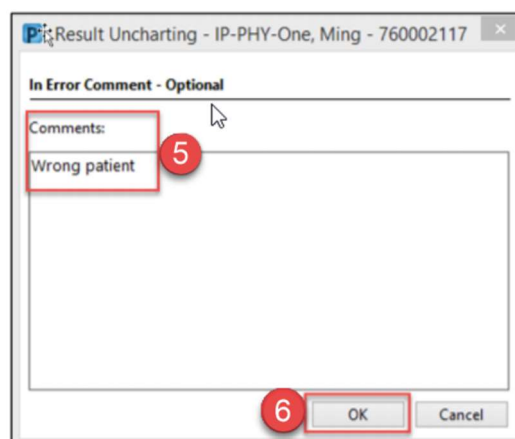

1. Click on the **Documents** component in Provider View.
2. Click on the **Documents** header to go to the Documentation page.

3. Select desired document.
4. With the document open, select the **In Error** icon.

- The **Result Uncharting** window appears.
5. Enter your comments.
 6. Click **OK**.

7. The document now has an ***In Error Report*** message within the note.

*** In Error Report ***
