## Narcotic/Controlled Prescription Printing

### Features/Benefits:

- No need to carry or use triplicate pad outside of downtimes.
- Controlled substances print at the same time as regular prescriptions to nearest Clinical printers.
- Clinical/Narcotic Printer mapping improved - co-located near your workstation.
- Fax process improved - clerks can fax the original signed form; preferred pharmacy information is in the chart.
- College requirement for duplicate prescriptions and faxed copies to be kept with Island Health chart.
- Pre-formatted narcotic prescriptions can be included in Quick Orders, Saved Favorites, and Discharge Order Sets.
- Patient-friendly discharge med list to patient (identical to Discharge Summary List to primary care provider).

**Electronic Controlled Prescription**

Send To: 590\_temper\_13
